*\*in the Flower Patch\**  
12:45pm—Magic Show  
2pm—3:30pm: Flower Arranging Demonstration & Auction

### **A Changing Climate and Landscape** Randy Fey, Master Gardener

Learn how climate change will impact our plant species.

### **Flower Arranging Demonstration & Auction**

Join the incredible florists from **Rich Mar** as they demonstrate flower arranging techniques, then stay for the live auctions!

### **Gardening for Good: Making a Difference with your Extra Produce**

**Susan Dalandan, Lehigh Valley Food Policy Council**

Plant A Row is rooted in the heartfelt tradition of gardeners sharing a bountiful harvest with others. Whether you are a home gardener, school, church group, community organization or business, you can help make a difference for your neighbors who experience the threat of hunger. Find out how you can harvest hope in your community."

### **Magic Show by Magic Mike**

You'll feel the magic and be amazed by this Vegas Style Magic Show.

*Michael is the official Magician for some of the Valley's best attractions including the LV Zoo, Crayola Experience, Blue Mountain Ski Resort, and has performed magic corporately and internationally for the Olive Garden chain and Continental Airlines as their first "inflight magician".*

### **Mother Nature's Miracles** with **Ryan The Bug Man**

What parts make up a bug? Who are insects related to? How do they defend themselves? Learn the answers to these questions and more in this interactive presentation with LIVE BUGS!

*Ryan Bridge has been involved with Entomology for over 40 years, especially with public outreach and education. Ryan has been presenting insect education programs for groups of all ages. Everyone loves insects... they just don't know it yet!*

### **Native Bees 101** Consuelo Almodovar, Master Gardener

This is an introduction to some of the common bees you may see in your garden. Learn about their life cycles, foraging habits, and how you can help thank bees for all the work they do.

### **Raptors Over the Ridge** with LIVE bird(s) of prey from **Hawk Mountain**

Learn about identification, natural history, and migration of our indigenous birds of prey. Get your seat early for this up-close ad personal look at an educational raptor(s).

### **Spotted Lantern Flies** Randy Fey, Master Gardener / **International Society of Arboriculture Certified Arborist**

The Spotted Lantern Fly is coming, or should we say it is already here!!! Learn all there is to know about this menace.

### **Tree Sense** Randy Fey, Master Gardener / **International Society of Arboriculture Certified Arborist**

From choosing the right tree, proper planting and potential problems, this seminar will cover all of your questions.

*\*this seminar takes place in The Flower Patch\* see floorplan*

### **Vegetable Diseases and Pests** Joe Veshinsky, Master Gardener

Learn about common plant diseases and pests that might effect your vegetable plants here in the Lehigh Valley. Topics include how to identify, treat and even prevent many of the problems that frequently plague these plants, keeping them from their true potential.
